## INTRODUCTION

1

Formerly known as SYSTEMWAREHOUSE CORPORATION, MZ iWorx Marketing (MZI) been engaged in systems engineering work in the field of building systems electronics and auxiliaries since 2007. Our territory covers the whole of the Philippines.

Wherever there is a problem or a challenge, there is usually an ongoing search for a solution. This means that we are constantly focused on understanding our clients' challenges and finding the right solution for them.

As in many other types of business operations, true universally, guts and resources have to be mustered not only to survive against usually difficult to start business but also to grow amidst cutthroat and unethical competition. Nevertheless, the organizers themselves were positive thinkers and armed with their rich technical engineering background and experiences, they did not stand aloof and waited for luck. They believe that luck is something one has to work hard for. To those knowledgeable in construction business, MZ IWORX may not ring a bell but that name precedes its actual accomplishment as system integrator to major electro-mechanical construction firm, where designing and erection were performed by now so called MZ IWORX engineers.

# Audio System

The MZi founder, **ZANDRO A. MARASIGAN**, started doing work as country representative for foreign manufacturers and system distributors in 1997. Now, as the owner of MZI, he continues to do the representative works and have expanded our capabilities thanks to our exposure in several large systems projects.

We have been involved in several systems engineering projects. Together with our affiliates and associates, we have more than 100-years of combined experience in the fields of instrumentation & controls, building automation systems, electronic security & life safety systems, and other building systems electronics and auxiliaries.

Our neutrality has enabled us to expand our partnership and alliance with consultants, designers, manufacturers, distributors, dealers, contractors, and system integrators. This enables us to

be catalysts in projects involving developers, engineering design consultants, end-users and contractors.

We continue to enhance our capabilities by investing in research and development, training, and the experiences we gain as we expose ourselves to the unique challenges of every project that we undertake. These capabilities are geared towards customers who are in constant need of innovations that will help them attain their objectives and improve the performance of your business bottom-line.

2

**After-sales Services** are supported by factory and industry-trained engineers, electricians and installers with "hands-on" experience and years of actual application.

A technical training facility was built in the main office to support existing clients, visiting engineers and consultants. It is equipped with visual aids, sample devices and working demo units.

**As a country products representative, we provide the following services to our customers:**

- Application Engineering
- Product Selection
- System Design & Drafting
- Training / Orientation
- Installation, Testing & Commissioning
- Coordination and Logistical Support
- Roughing-in Works
- To Preventive Maintenance

**We are also capable of providing the following services to our customers:**

- Integration Engineering
- Consulting
- Engineering Design
- Design Management
- Specification Writing
- Bid Management and Contractor Selection

**MZ IWORX MARKETING offers these services for various Building Systems Electronics and Auxiliaries:**

- BGM/PA - Background Music/Public Address Systems (BIAMP, TOA)
- VAS - Voice Alarm System (BIAMP, TOA)
- Security Window Intercom (AIPHONE)
- Synchronized Master Clock Systems (BODET)
- Customer Flow Management - Queuing System (Q-MATIC)
- FDAS - Fire Detection and Alarm Systems (ESSER, HORING LIH)
- Aerosol Fire Extinguishing Generators & System
- Audio/Visual Systems
- Sound System
- CCTV - Closed Circuit

Televisions System

- Access Control Systems
- Burglar Alarm / Security Systems
- CMS - Central Monitoring Station
- Building Automation Systems
- Structured Cabling Systems
- IT Networks
- Time and Attendance w/ Payroll and 201 System
- PABX

MZ iWorx was appointed distributor for Q-Matic in January 2012. Q-matic is a global company based on one Swede's vision of better customer service for Customer Flow Management.

The logo for Q-MATIC, featuring the word "Q-MATIC" in a bold, red, sans-serif font. A thick red vertical bar is positioned to the right of the logo.

**MZ IWORX MARKETING provides solution to a diverse type of customers:**

- High-rise Office Buildings
- Airports
- Embassy
- Railway Stations
- Underground Railways
- Halls
- Schools
- Department Stores
- Boutique
- Athletic Stadiums and Gymnasiums
- Hospitals
- Guest houses and Hotels
- Function Rooms
- Theatres and Cinemas
- Convention Centers
- Amusement Parks
- Restaurants
- Discotheques
- BPOs & Call Centers
- Data Centers
- Media and Broadcast
- Shopping Malls
- Semiconductor Plants
- Manufacturing Facilities
- Medical Facilities
- Government Offices
- Car Park Centers
- Food Services
